

Alison's ninth annual

# Crop for the Cause

If you're looking for an excuse to spend the weekend scrapbooking, here it is!

Our annual event includes all your meals, door prizes, table space and hours and hours to scrapbook to your heart's content — all for a good cause!

**Crop for the Cause** benefits the Michigan Donor Family Council, promoting organ, eye and tissue donation by bringing together donor families, recipients and advocates to celebrate life. The council connects donor families to a statewide community of people touched by donation and transplantation, and inspires residents to join the Michigan Organ Donor Registry.
